DATE: December 1, 2017
FROM: AWI/QCP
SUBJECT: 2018 QCP Renewal --

Please take a minute to review each AWS Section on the enclosed 2018 Certificate for accuracy.

We appreciate your decision to renew your credential in the AWI Quality Certification Program (QCP). While the current market environment has improved for many, we are very aware that each business decision taken by your company is based on the potential to enhance your operations. We know that each decision is important and we strive to ensure that QCP continues to fit that value in the marketplace.

QCP had a successful year in 2017 with over 60 companies applying to be Licensed as well as registering over 2,000 new projects. We will continue to send out short and concise surveys at the conclusion of inspected projects as well as surveys to architects. The survey takes less than five minutes to complete and it is another way you can help guide us in our effort to improve QCP.

Please replace your 2017 certificate with the enclosed 2018 certificate and accept our warmest wishes for a healthy, happy, and prosperous 2018!

Best regards,

The Quality Certification Program Team
