Welcome to Stevens I.D.SYSTEMS®!

Are you frustrated by the inability to find storage solutions that can be obtained in a timely manner and still fit your budget? I.D.SYSTEMS® is the answer!

A true "system" of storage units that fill the need for multiple applications, I.D.SYSTEMS® lets you create truly unique configurations to fit your storage requirements in an efficient and attractive manner.

Quality construction, backed by over 60 years of manufacturing experience, combined with an expansive array of color choices, provide the means for storage solutions that are not only attractive and functional but will also last for years to come.

State-of-the-art manufacturing methods and leading edge materials provide top notch quality at an affordable price.

I.D.SYSTEMS®...the complete solution for all your storage needs.

Technology

CABINETS SOLUTIONS FOR LEARNING ENVIRONMENTS

Attractive

STEVENS I.D.SYSTEMS® Technology features contemporary storage and tablet charging systems to complement any classroom, from preschool to the college campus. Dynamic designs will provide years of use and achieve high ratings for versatility and style.

Functional

Our product designers understand that technology is no longer a bonus feature in classrooms...it is a necessity. Multiple configurations of Wall Storage and Mobile units fit today's educational environments. Dividers with cord management allow easy, secure storage and simultaneous charging for classroom tablets.

Durable

Stevens has been providing cabinetry and storage solutions for more than six decades! Our quality construction begins with 3/4" thick components with thermofused laminated faces and matching impact-resistant edges. Durable laminate surface resists scuffs, spills and stains. Steel reinforcing channels and bolted construction provide rigidity and strength for movement over uneven floors and thresholds. STEVENS I.D.SYSTEMS® products are guaranteed free of defects in materials and workmanship for five years.

Easy to Install

Cabinets come fully assembled, with casters attached. Dividers and power cords (where applicable) are installed inside the cabinets. Technology units come ready to use!

I.D.SYSTEMS® Technology Carts – Millennium Collection

Power Access

Spacious top has grommet for convenient access to power within the cabinet.

Ergonomic Handles

Three styles of handles allow easy, controlled movement of carts and cargo.

Pulls

Pulls are large 5" crest design with powder coated nickel finish. Clean, sophisticated design. ADA-compatible.

Concealed Hinges

Self-closing 120° concealed hinges create a crisp, clean look, with minimal invasion of interior space.

6-Tumbler Locks

6-tumbler locks with dead bolt mechanism provide added security.

3 Handle Styles

Cord Storage

Dividers are designed to ensure neat, uniform management of cords.

Ventilation

Slots in the bottom of the cabinets provide ample ventilation while devices are charging.

Front View

Back View

Power Strips

Built-in power strips make staying powered-up a cinch.

Casters

Sturdy, locking casters ensure smooth transportation of valuable electronics.

I.D.SYSTEMS® Technology Wall Cabinets – Millennium Collection

Power Strips

Built-in power strips make staying powered-up a cinch.

Writing Cubbie

Lower compartment with lift-up pocket door doubles as a writing cubbie and lockable storage space.

Pulls

Pulls are large 5" crest design with powder coated nickel finish. Clean, sophisticated design. ADA-compatible.

Ventilation

Slots in the end panels provide ample ventilation while devices are charging.

Concealed Hinges

Self-closing 120° concealed hinges create a crisp, clean look, with minimal invasion of interior space.

6-Tumbler Locks

6-tumbler locks with dead bolt mechanism provide added security.

Cord Storage

Dividers are designed to ensure neat, uniform management of cords.

Stevens Industries, Inc., the manufacturer of Stevens I.D.SYSTEMS®, is committed to environmental/sustainable responsibility. From our well-informed choice of materials to our state-of-the-art manufacturing, I.D.SYSTEMS' final products are assured to be safe and environmentally friendly. Attributes include — but are not limited to:

Architectural Woodwork Institute (AWI):

Architectural Woodwork Institute (AWI) was established in 1954 for producers of custom millwork. Since its inception, the group has dedicated its resources to improving architectural woodwork industry standards through education and collaborative efforts by its members. AWI members offer customers the added assurance that the manufacturer is knowledgeable of, and adheres to, the industry's high standards. We're proud to be a long-standing AWI member. www.awinet.org

The Architectural Woodwork Institute Quality Certification Program (AWI QCP) has been available since 1995. This program has been recognized by architects, designers and specifiers as the authoritative source of guidance on fine architectural woodwork. It offers an increased level of consumer protection in architectural woodwork sections of construction documents and allows designers and specifiers to include a total quality management mechanism for woodwork in project documents. www.awiqcp.org

UL GREENGUARD Certification:

Stevens Industries, Inc. is proud to be one of the few casework, millwork and panel laminators to have achieved GREENGUARD Gold Certification for our products. Our high-quality laminated products have been engineered to meet stringent green standards. GREENGUARD Gold Certification (formerly known as GREENGUARD Children & Schools Certification) maintains stringent certification criteria, considers safety factors to account for sensitive individuals (such as children and the elderly) and ensures that a product is acceptable for use in environments such as schools and healthcare facilities. It is referenced by both The Collaborative for High Performance Schools (CHPS) and the Leadership in Energy and Environmental Design (LEED) Building Rating System.

www.ul.com/gg

Forest Stewardship Council (FSC):

FSC® (Forest Stewardship Council®) certification ensures that products come from responsibly managed forests that provide environmental, social and economic benefits. FSC Trademark License Code: FSC-CO14934. Ask us about our FSC products!

www.fsc.org

American Institute of Architects (AIA):

Since its inception in 1857, the American Institute of Architects (AIA) has served as a resource for members and a voice of the industry. The AIA sponsors continuing education for those in the field, sets industry standards in contract documentation, and conducts market research and analysis. AIA celebrates the artistic designs of its members and recognizes their work through an awards program. www.aia.org

American Society for Quality (ASQ):

American Society for Quality (ASQ) is the world's leading membership organization devoted to quality. When ASQ says "quality" they mean best practices, continuous improvement, and tapping the full power of knowledge. www.asq.org

Construction Specifications Institute (CSI):

Construction Specifications Institute (CSI) is a national association of specifiers, architects, engineers, contractors, building materials suppliers and others involved in commercial and institutional building design and construction. The organization has 145 chapters and more than 16,000 members. CSI provides technical information and products, continuing education, professional conferences, and product shows to enhance communication among all disciplines of building design and construction, and to meet the industry's need for a common system of organizing and presenting construction information. www.csinet.org

National Association for the Education of Young Children (NAEYC):

The National Association for the Education of Young Children (NAEYC) is dedicated to improving the well-being of all young children, with particular focus on the quality of educational and developmental services for all children from birth through age 8. NAEYC is committed to becoming an increasingly high performing and inclusive organization. www.naeyc.org

<90ppm lead content standard under Consumer Product Safety Improvement Act (CPSIA)

Exceeds California Air Resources Board (CARB) 2 requirements

Complies with California's Prop 65

Five Year Warranty

I.D.SYSTEMS® furniture is warranted for a period of five (5) years from date of delivery to the original purchaser. Products are warranted to be manufactured free from defects in material and workmanship, absent any misuse or damage.

I.D.SYSTEMS® shall promptly, at their option, repair or resupply a like quantity of non-defective product. Claims shall be verified in writing within 30 days of the date the defect is discovered.
