Antimicrobial Collection

Secure the advantage of bacteria suppression with the sleek, slender Bentwire pull from the Stevens Advantage Antimicrobial Collection. Style and practicality meld in the Copper finish.

Bentwire 128

copper
SA020AC

Stevens Advantage® knows that infection control is vital in the realm of healthcare.

We provide the health-conscious option of hardware made from intelligent materials, actually repelling bacteria transfer.

The Antimicrobial 128 pull contains a copper alloy that continuously cleans frequently touched surfaces, killing harmful bacteria.
