### ATTACHED SOFFIT

Stevens Advantage attached soffit units are designed with integral soffit ends, eliminating the need for on-the-job fabrication of soffit structures. The soffit panels align with door reveals and can be removed for easy installation. Cabinet support rails in the upper section are set down to allow for easy adjustment of the end panels for the perfect fit. Soffit heights are set to 12" as a default but can be specified from 6"-18" high in 1" increments.
